Read the following:-

1. Minutes of the Meeting on status of consumer prices by the Chief Secretary to Government, Dt:17.05.2022.
2. Minutes of the Meeting on status of consumer prices by the Chief Secretary to Government, Dt. 25.05.2022.
3. Minutes of the Meeting on status of consumer prices by the Chief Secretary to Government, Dt.08.06.2022.
4. Meeting convened by the C&DAM at AP Markfed, dt:25.05.2022.

***

ORDER

The Government of Andhra Pradesh is regularly monitoring the Consumer Price Index (CPI) and inflation rate. During the meeting convened vide ref. 1st read above, it was observed that the information on commodity prices is being collected by multiple Departments - Agricultural Marketing Department through Rythu Bazar in the State, Civil Supplies Department, SERP and Planning Department (DES). Therefore there is a need to bring together all this information in a systematic way so as to make it usable by regulatory organizations as well as agencies entrusted with the responsibility to make market interventions. In view of the above, it was decided to develop a single digital source of organizing information, analysis and dissemination of actionable information to Departments, including the monitoring the results of the action. Accordingly, a Mobile Web Application has been developed.

2. Further, vide ref. 2nd read above, the development of Mobile Web Application was entrusted to MD, AP MARKFED, Vijayawada in consultation with Commissioner Civil Supplies and DG, Controller of Legal Metrology. Accordingly, after detailed deliberation it was decided that the integrated Mobile Application would have the following features –

1. The app would collect and compile information from the Director of Economics and Statistics, Planning and CEO Rythu Bazar.
2. The Day-to-Day actionable information report with Mandal / town as a unit shall be sent for both enforcement and market intervention.

(P.T.O)

3. The App shall aggregate the information being collected and send the actionable information to Vigilance & Enforcement, Legal Metrology, Marketing, District Collectors & Joint Collectors for appropriate action.
4. The app shall contain a separate dashboards for DG, Vigilance, CEO, Rythu Bazars, Commissioner, Civil Supplies, CEO, SERP and Commissioner, Marketing along with a provision for response and capture analysis at the state level.
5. Individual login credentials shall be given to all departments concerned.
6. Response provided shall be recorded for further analysis.
7. A Standard Operating Procedure (SOP) and user manual would be prepared.

3. In pursuance to the above, and as per the instructions of the Govt. the MD, AP MARKFED has convened a meeting with all the State Level Officers concerned for the development of integrated Mobile Application along with the Regional Officers concerned. All the Officers opined that, the price information in the application would be submitted by the Mandal/Revenue Division level personnel of the Planning Department and Estate Officers, Rythu Bazars of the Agricultural Marketing Department. The prices of the following list of commodities would be submitted by the Assistant Statistical Officer, Planning Department on daily basis.

Contd...4

4. The historical commodity prices since 2014 shall be uploaded by the Mandal/Revenue Division level personnel concerned for the commodities mentioned above against the Departments. For the purpose of tracking the trend analysis of price fluctuations and to identify any abnormal fluctuations of the prices, the following methodology shall be used to determine the upper limit for each commodity.

I. For perishable commodities, 100% increase in the retail prices.
II. For non-perishable commodities, 50% increase in the retail price.

5. The increase shall be determined based on the prevailing prices for the preceding twelve months, or average retail price of the last five years, whichever is lower.

6. The app shall be developed as an integrated app for all related Departments for collecting and processing the data to notify abnormal price rise alerts. This is not limited to Department of Agricultural Marketing but includes Department of Civil Supplies, Department of Legal Metrology, Department of Vigilance and Enforcement, Society for Elimination of Rural Poverty (SERP). Once the alert is notified for any commodity, Departments concerned shall take up ground truthing and action taken report shall be uploaded in the application on weekly basis.

7. In case of non-perishables, ground truthing and action taken report will be updated by the District Supply Officer, Civil Supplies Department and any interventions required shall be initiated by the Commissioner, Civil Supplies Department on the basis of action taken reports received.

8. In case of perishables, ground truthing and action taken report are to be uploaded by DATMOs which shall be scrutinized by the CEO, Rythu Bazars and in case any interventions are required, the Commissioner and Director of Agricultural Marketing shall initiate necessary market interventions.

9. In view of the circumstances stated above and after careful examination of the matter the Commissioner & Director of Agrl.Marketing, Guntur is hereby permitted to take up development of integrated mobile application for Agricultural Commodity prices. The Principal Secretary, Planning, Commissioner Agrl Marketing, Commissioner Civil Supplies, Chief Executive Officer SERP, Director General Vigilance & Enforcement and Director General Legal Metrology shall furnish Action Taken Reports in the mobile application. The Department of Information Technology shall host the mobile application in the Government Servers.

Contd...5

10 The Commissioner & Director of Agricultural Marketing , Government of Andhra Pradesh shall take further necessary action accordingly.

11. SoP and User Manual is enclosed as Annexure to the GO

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

Dashboard

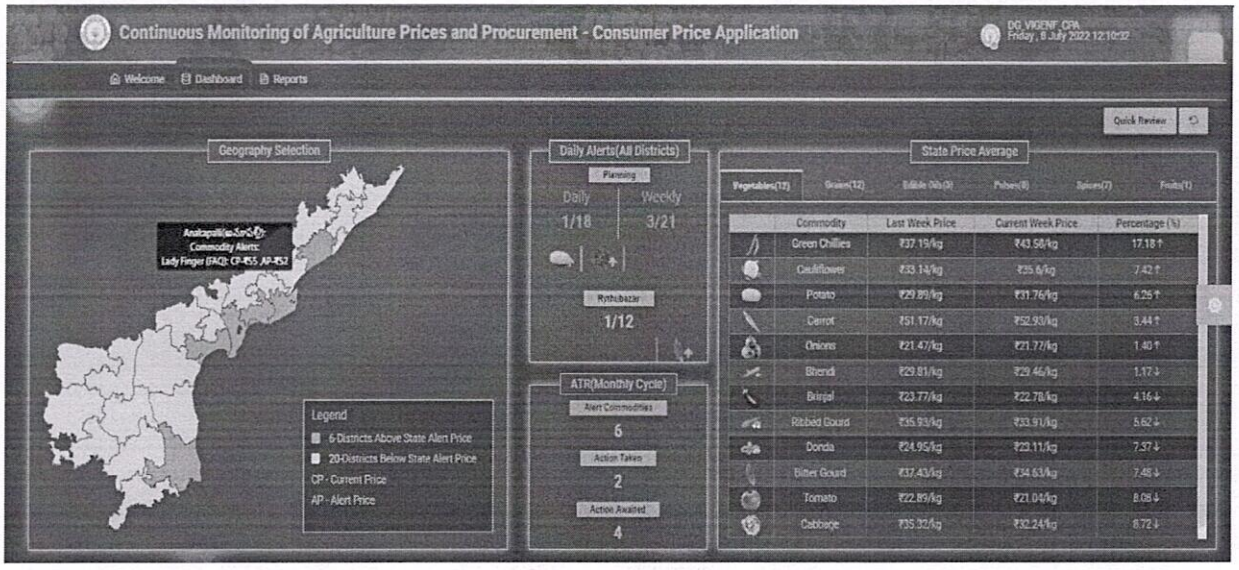
Dashboard represents the Operational, Analytical and Strategic interventions which are performed by the concerned departments / Officials. The page is categorized into below mentioned sections.

- GIS View
- Alerts (by commodity wise prices increased or decreased w.r.t. base prices)
- ATR (Action Taken Reports)
- State average prices by Commodity wise
- Quick Review of activities by department wise
- Prices Comparisons by commodity wise along with graphical representation
- Line Graph

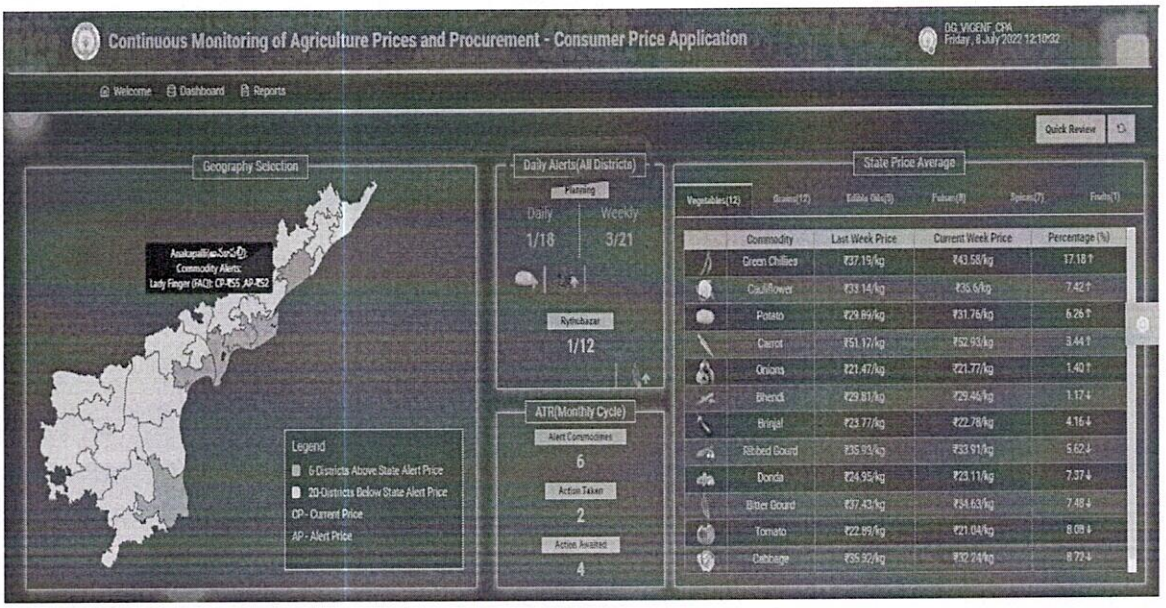
GIS VIEW

The section is used to know the Alerts by each commodity wise in the state using the color coding in the GIS map.



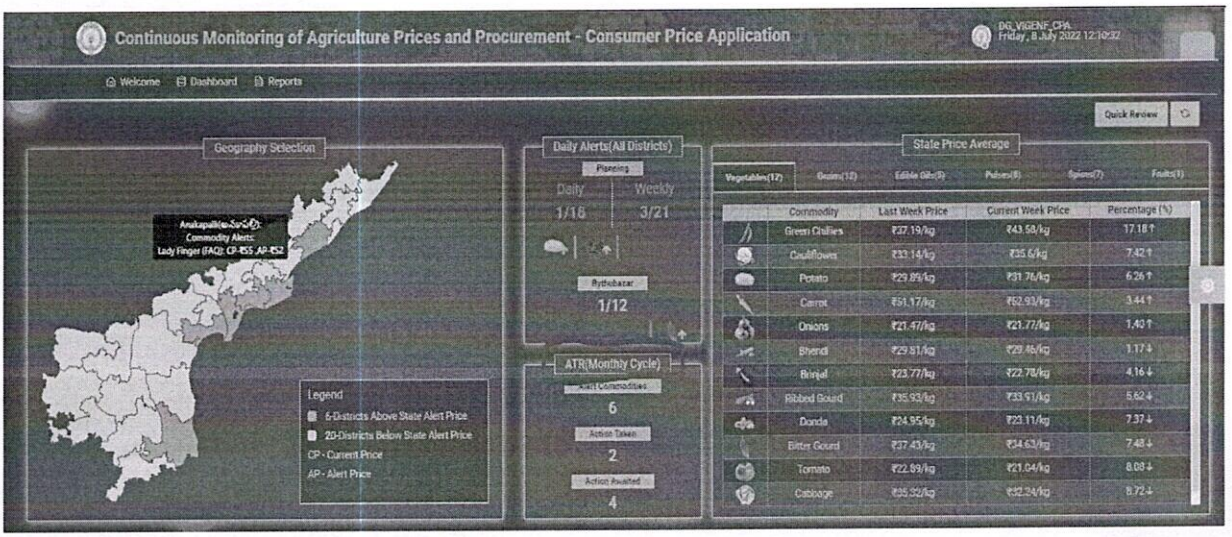
Alerts

The section represents the Alerts of the commodity prices with respective to the base line prices which are set by the concerned departments.



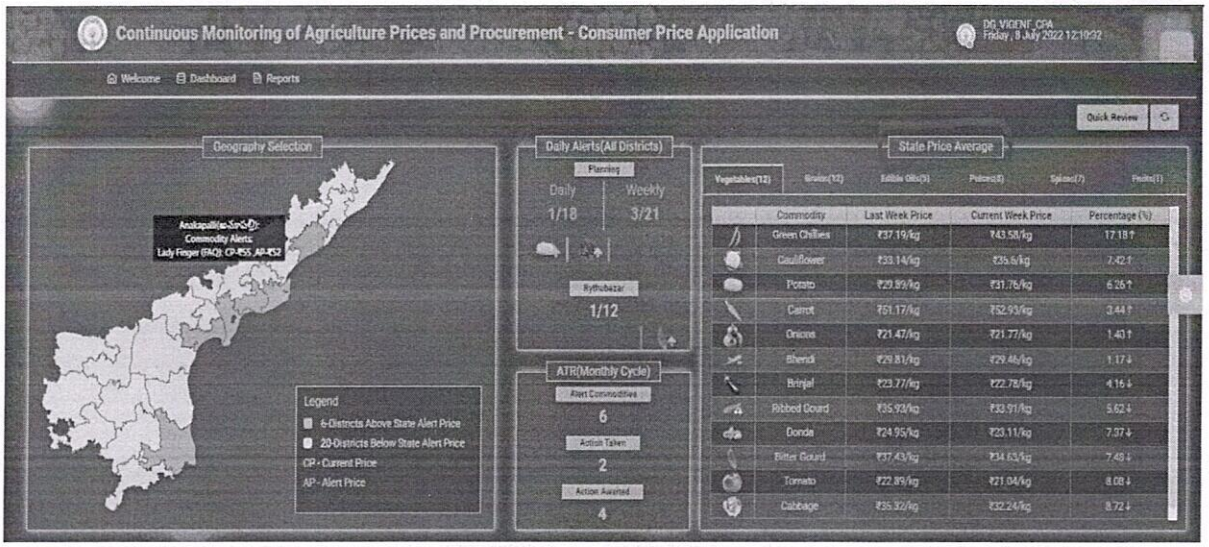
ATR (Action Taken Report)

The section represents the Actions which are taken against the Alerts and statuses of ATRs.



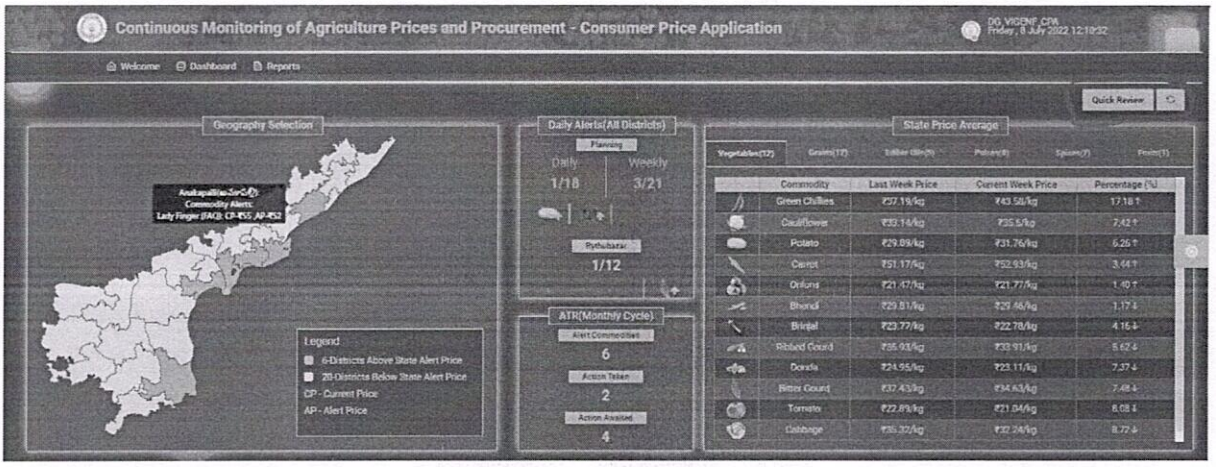
State Average Prices

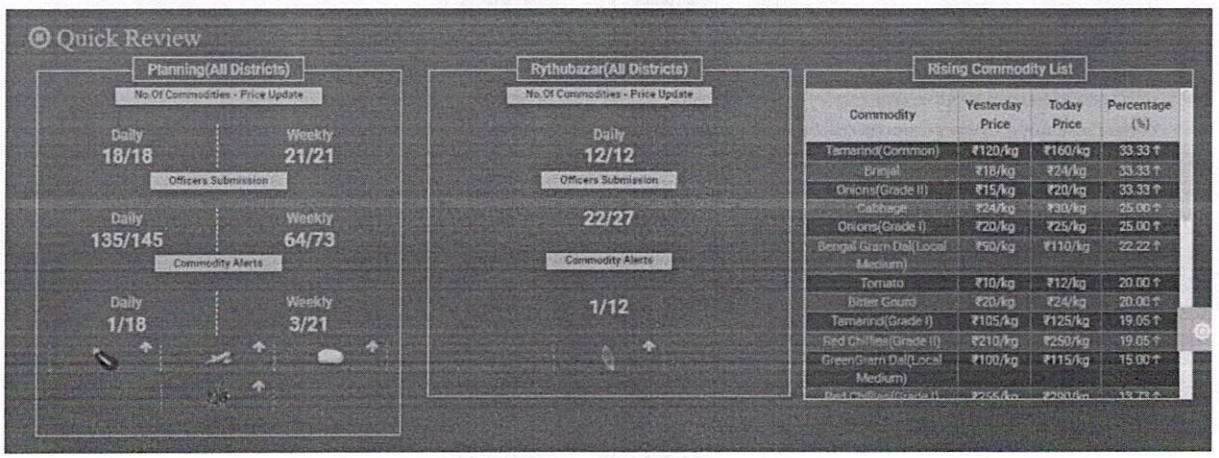
The section represents state averages prices of each commodity which are segregated by commodity group wise.



Quick Review

The section is used to know the department wise activities status, Alerts and commodities prices which are related to concerned department.



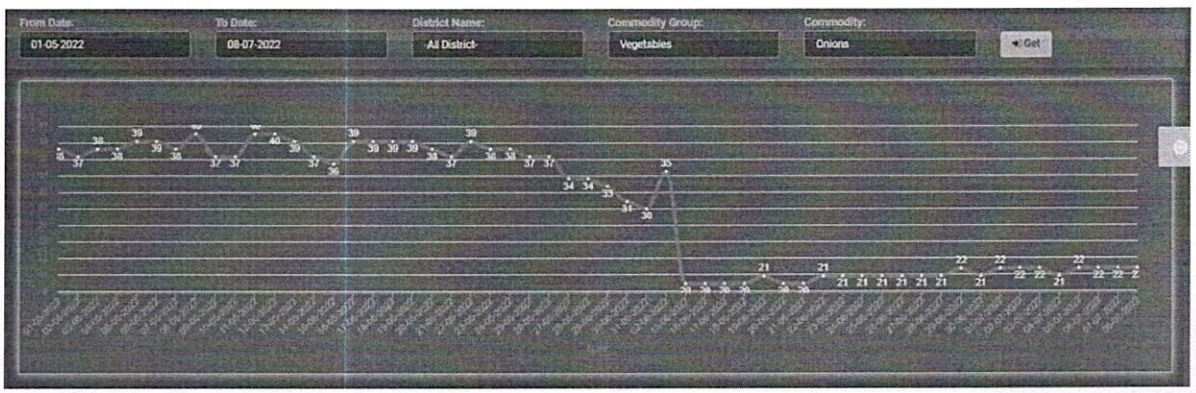


Prices Comparison

The section is used to know the commodities current date prices comparisons w.r.t. previous week / month / year. Top five variation commodities will be there in the top of the table. Also, a bar chart is given for the commodities which are there in the table.

Line Graph

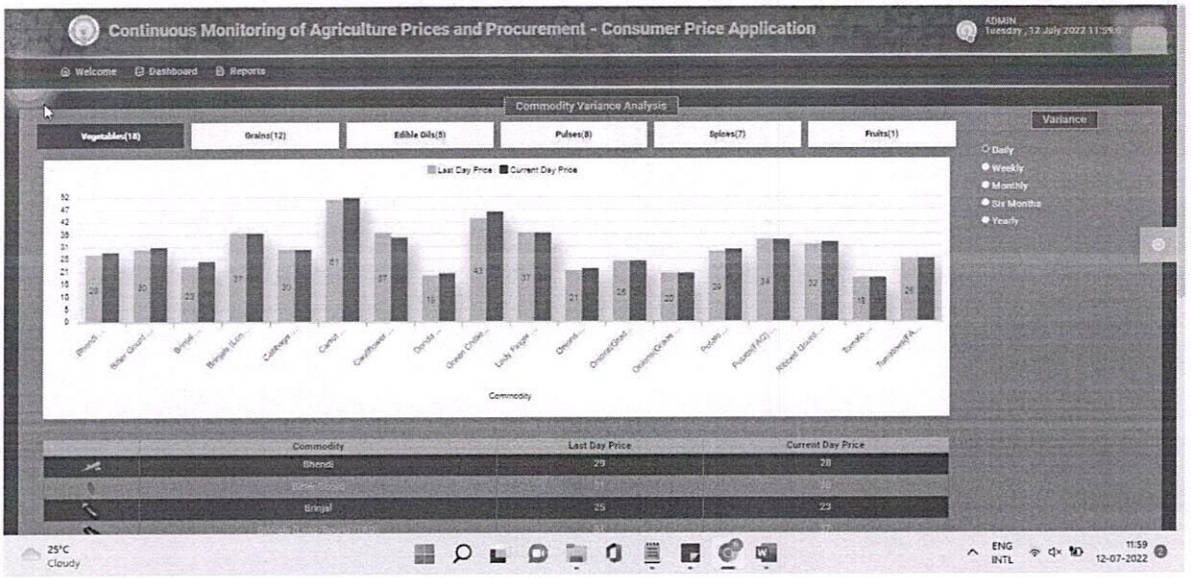
The section is used to know the trend of the particular commodity price on selection the date range.



Commodity Analysis Report

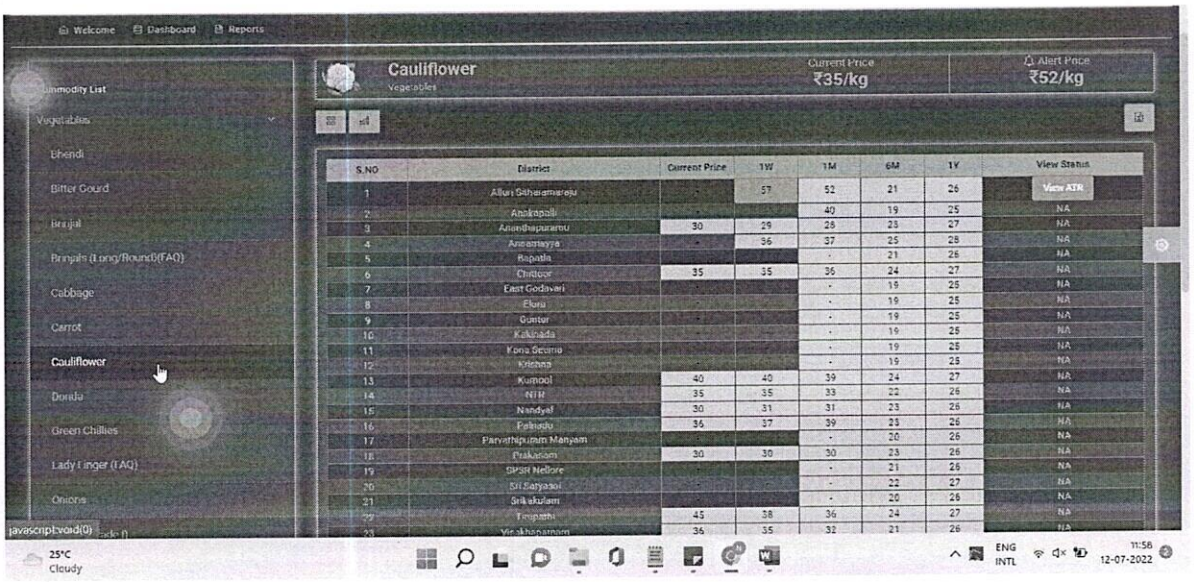
This report showcases all commodities price variances by daily, weekly, monthly, six months and yearly.

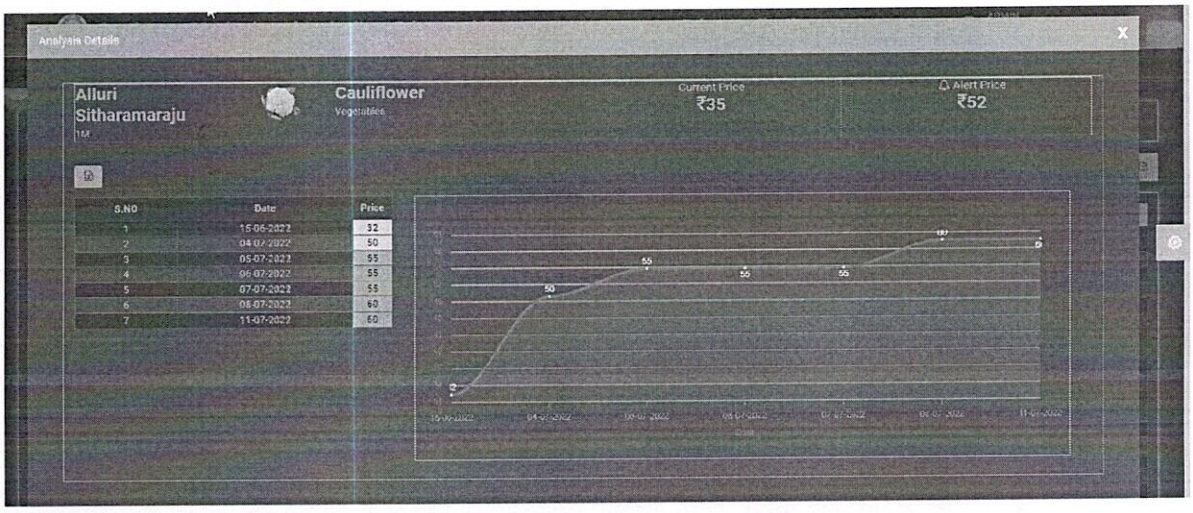
Data can be filtered by commodity groups (Vegetables, Oils, Spices, Grains and Fruits)



Commodity Detailed Report

This report helps to get detailed history of selected commodity including Action Taken Reports. Details can be filtered by weekly, monthly, six months and yearly basis.





Action Taken Report

This report helps to get detailed actions performed by various departments on alerts raised and other commodities inspected. Summary, District level and Detailed level enabled. Total action taken can be taken print out.
